WORK EXPERIENCE

Cummins

IT Admin Intern

Jan 2024-Present

Melbourne, VIC

- Involved in a restructuring strategy to migrate from MOVEX to SAP.
- Automated the process of Course Lifecycle Completion (CLC) using API calls for OnLocation with CSV file data, focusing on parsing the file and updating OnLocation records without mail integration.
- Addressed issues related to API data retrieval, dealing with timeouts and failures when fetching thousands of rows per induction, impacting the timely updating of the GUI.
- Enrolled in SAP courses, including S/4HANA Embedded Analytics and SAP ABAP further enhancing my IT capabilities and knowledge.
- Develop business Process Maps, projects charters and detailed requirements specifications to facilitate process re-engineering and/or code modification.
